REMARKABLE INSURANCE SUIT. Man Killed His Wife, Now Wants to Collect Policy.

Philadelphia, Oct. 10.—A suit to recover insurance on the life of his wife, whom he killed on December 21, 1883, has been commenced in this city by Professor Swithin C. Shortlidge, who is new residing at Kennett square in Chester County.

The suit, which is to recover the sum of 7,022 from the Provident Life and Trust Company, is one of the most remarkable in the history of life insurance.

The tragedy which ended the life of Mrs. Shortlidge was enacted in Media on a New Year's Eve and caused a great sensation. Several years before that date, Professor Shortlidge had come to Media with his wife and family and established what was known as the Media Academy for Young Men. For several years the venture was successful, the school having a high-class patronage. Then Mrs. Shortlidge died.

In November, 1883, the professor married Miss Marie Dixon Jones. Shortly after his second marriage the professor began to act strangely. On the night of the killing, six weeks after the marriage, Professor Shortlidge invited his wife to go out with him for a walk. A short distance from the house he shot her through the heart and then attempted suicide, but was disarmed by a neighbor.

## **DEMOCRATS MAKING** CITY CAMPAIGN HOT.

Republican Party Managers Compelled to Resort to Imitation to Make a Showing.

#### BUSINESS MEETINGS POPULAR.

Evils of Republicanism and Issues of the Day Discussed by Able Speakers - Mass Meetings Arranged.

The local campaign is now assuming an active appearance, and from this time forward the Democrats promise to make such an energetic canvass of the voters throughout the city as will make their Republican or ponents hustle to keep pace with them. The Democratic managers are energetic in arranging mass meetings in the various wards, and the enthusiasm that is being aroused is most gratifying. The staff of speakers assigned to these meetings includes some of the ablest and most eloquent orators in the city and State, and the result is seen in the increased attendance at these meetings, and the growing demand for speakers in wards and precincts which hitherto manifested only a lukewarm interest in the campaign.

The importance of the noonday being held in the downtown headquarters of the Jefferson Club, in the Carleton building, appeals more strongly to the local managers daily, and that their results are eneficial to the Democratic party is appreciated by the managers of the Republican party, who are gradually following the ex-ample set them, and haugurating similar meetings in several of their organizations, The meetings at the Carleton building are attracting larger audiences each day, one of the causes of the increased attend-ance being the high reputation of the speakers assigned to address the meetings, Yesterday's was one of the best meetings of the series, the attendance being composed the series, the attendance being composed of thoroughly representative business and professional men, including a number of Republicans. The speakers were T. J. White of Springfield. George Matry of Farmington and E. P. Cunningham of this city. Their addresses were brief and pointed, and they held the attention of the audience closely, and were loudly cheered. To-day the speakers will be L. F. Cottey of Edina and O. M. Barnett of Sedalia, both very able speakers.

Among the other meetings announced for the week are the following: The open-air meeting of the Fifteenth Ward Club, which will be held to-night at Twentieth street and Frankin nvende. This club is working in harmony with the resular Fifteenth Ward Bryan and Dockery Club, and a large attendance is expected. The meeting will be addressed by Walter C. Guth, orville T. Smith and A. A. Last spring Mr. G. S. Wallace made a trip to Philadelphia to visit his brother-'n-law and took with him a part of a bottle of Chamberlain's Cough Remedy, which he left there on his return home. During the summer his brother-in-law took a very severe cold and used the Cough Remedy with such good results that he wrote to know where he could get more. He was surprised to learn that he could get it from any druggist there. This remedy is one of the most staple articles that druggists handle, and one of the most reliable. # HAIR IN THE SOUP SPOILS HAPPY HOME

Charles Wilhelm Makes an Unpleasant Discovery and Criticises His Wife.

POLICEMAN SETTLES DISPUTE.

Husband Resents Advice to Seek a Hairless Housewife and Is Led Away to Lockup-Court Fines Him \$25.

A strand of a woman's hair in a plate of soup caused a disruption in the family of Charles Wilhelm of No. 3912 Luclede avenue. Wilhelm no longer can sympathize with the poet who said, "Two hearts that beat as one, two souls with but a single thought," is a wide breach between them, caused by that single hair which fell in his broth. Wilhelm and his wife have not been miable as they might have been in the last

few days, and when he sat down to dinner

Tuesday evening he was not in very good

All went well, however, until his wife placed a bowl of steaming soup-his favorite kind of tomato soup-in front of him. Wilhelm's eyes glistened as he thought of his wife's attention and his heart was about to melt when he caught sight of the auburn strand. In a moment his anger arose and boiled over, and he began to expatiate on what he thought of a housewife who would put her hair in the soup her husband had to

"Do you expect me to chew this hair?" he asked as he pulled it out of his mouth by the yard, for it seemed to him that it had no end, "or did you want to choke me to death?"
"Well, if you don't like it you can go and

and another woman who hasn't got any hair to fall in the soup!" vehemently as-serted the wife, who thought she was cen-sured too much for the little accident, which was unintentional. One word brought on another and the

climax had been reached when a policeman arrived on the scene and placed Wilhelm under arrest on a charge of beating his wife. Judge Sidener told Wilhelm he must learn to be more reasonable.

"If she had wanted to strangle you she

would have used a horse hair," suggested the court. "I will fine you \$25."

## TEMPERANCE THE ISSUE.

Strong Resolution Passed by Illinois Presbyterians.

REPUBLIC SPECIAL.

Mount Vernen, Ill., Oct. 10.—The second session of the Hilhois Synod of the Cumberland Presbyterian Church effected an organization to-day by the unanimous election of the Reverend J. L. Hudgens, pastor of the church at Albion, as moderator. The Reverend A. G. Bergen of Mattoon is stated clerk, a permanent position, while the Reverend J. E. Aubrey of Leroy is assistant clerk. Various committees were appointed, and the Reverend E. H. Perrin of Alton then delivered a most practical sermon to the congregation. The Reverend R. B. Fisher reported the following resolution, which was unanimously adopted:

"That the cell of intemperance should be agitated by every department of the church, and that the intemperance cell is the greatest of all cells, and recommend that all the ministers preach one or more sermons yearly on the temperance question, and urge all voting members to vote only, so far as they can tell, for temperance men, and recommend that public sentiment be educated by the pulpit in favor of a demand of the political parties that the people be given a chance to vote on the question of for or against the liquor traffic." The Woman's Missionary Society of the synod held its annual meeting with a large attendance.
